

Annual Report & Accounts 2006

SUFFOLKLIFE

Always one step ahead.

2006 has been a year of progress and building for Suffolk Life. Our position in the SIPP market has never been better.

Our office at 153 Princes Street, Ipswich

## Group structure

Suffolk Life Group plc has two main operating subsidiaries:

### **Suffolk Life Annuities Limited (SLA)**

SLA is an authorised life assurance company and is the provider of the Suffolk Life Self-Invested Personal Pension.

### **Suffolk Life Pensions Limited (SLP)**

Suffolk Life is the administrator of all Suffolk Life schemes.

Both of the above subsidiaries are authorised and regulated by the Financial Services Authority.

# At a glance

Suffolk Life is a pensions administration specialist with a primary focus on Self-Invested Personal Pensions (SIPPs).

We have particular expertise in various aspects of SIPP administration including property purchase, discrete investment portfolios and providing comprehensive annual statement valuations. Our systems are web-enabled, robust and scalable, enabling us to provide exceptional service at a fair and transparent price.

# Highlights of the year

Our key performance indicators (KPIs) for the year ended 31 December 2006 are all encouraging:

|                                      | 2006   | 2005   | Change |
|--------------------------------------|--------|--------|--------|
| Number of SIPPs under administration | 7,894  | 5,758  | 37%    |
| Funds under administration           | £2.1bn | £1.3bn | 62%    |
| Premium income                       | £759m  | £335m  | 127%   |
| Operating profit                     | £0.85m | £0.25m | 240%   |
| Profit before tax                    | £1.55m | £0.25m | 520%   |
| Shareholders funds                   | £11.4m | £9.6m  | 19%    |

**Business results** are pleasing considering the investments we have made for future growth.

**New contracts** established with Norwich Union, Clerical Medical and Prudential for the investment administration of their self-invested pension type offerings.

**Web portal** developed alongside our accounting systems to provide access for advisers and their clients to real-time data and online trading.

**Management and staff** additions to resource our next phase of growth.

**Reputation for service** evidenced by independent surveys and awards.

**Future developments** are based on a strong market for SIPPs: we are working on new products and initiatives to make ourselves more efficient as well as widening the appeal of our offering.

“We heard about Suffolk Life through the industry press – they’re constantly winning awards which impressed us very much.”

## Chairman’s statement

The business achieved another year of substantial growth.

**New SIPP numbers in 2006 rose by 37% following a 36% rise in the previous year; this was achieved against the background of the numerous changes to the pensions landscape caused by A-Day in April 2006. I am glad to say that Suffolk Life took these changes in its stride and continued to provide high quality service to its growing client base throughout the year.**

2006 has seen a number of Board changes, both executive and non executive. I am pleased to welcome Hugh May, the deputy chief executive of Ipswich Building Society and John Poulter, currently chairman of Spectris plc as non executive directors; during the year we said farewell and thank you to Alan Barker who had given the Board many years of sound advice.

Due to the growth of the business and the pressure on senior management we have also recruited a new Group Finance Director, Ian Furniss formerly Group Finance Director of Reed Healthcare Group plc who comes with a wealth of relevant experience. Renata Chester has now become Chief Operating Officer of the Group.

2007 marks a milestone in the history of Suffolk Life as Alan Catchpole, its founder, retires after the AGM in June. Alan founded the business in 1971 on the principle of wanting to provide efficient pension administration with personal service at a reasonable and transparent price and we hope that is what Suffolk Life continues to do today. We will miss his advice, experience and good humour.

On behalf of the Board I would like to thank all our employees who have demonstrated great commitment and dedication in another busy year. Their efforts are the bedrock on which Suffolk Life’s reputation is based.

2007 has started well for Suffolk Life; although the SIPP market has become more competitive over recent years the Board remains confident that Suffolk Life’s focus on its core competencies and its investment in new products and services will enable it to make strong progress in the years ahead.

In light of the above the Board is recommending to maintain the dividend at £0.10 per share.

A handwritten signature in black ink, appearing to read 'AJ Scott-Barrett H'.

AJ Scott-Barrett  
Chairman

I am glad to say that Suffolk Life took these changes in its stride and continued to provide high quality service to its growing client base throughout the year.

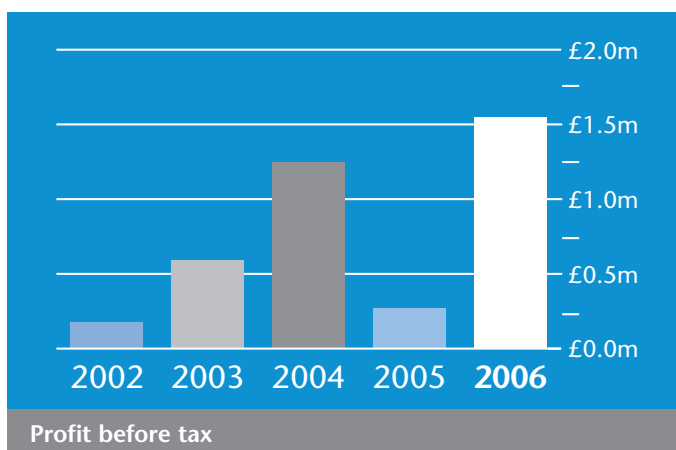

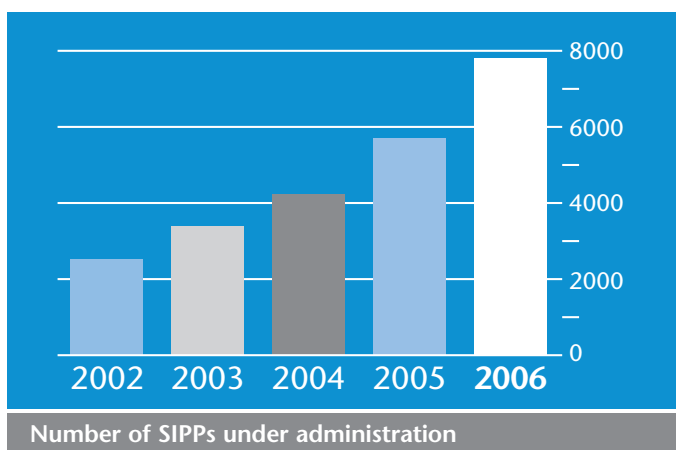

SIPP Provider of the Year

# Key performance indicators

“It’s really useful to be able to rely on the performance of individuals.”

# The executive team

## **Henry Catchpole** Chief Executive Officer

Henry, having qualified as a solicitor, joined Suffolk Life in 1994. He has led the company from its very early days in SIPPs to its current position as one of the leading players. He has been consistently aiming to keep Suffolk Life one step ahead in terms of service, proposition and value.

## **Renata Chester** Chief Operating Officer

Renata is a qualified chartered accountant. She joined Suffolk Life in 1997 and was instrumental in redesigning our IT platform which is the core of all our business processing. Renata also oversees all operational issues and through her work with the Association of Member-Directed Pension Schemes (AMPS) has a good understanding of all industry issues.

## **Peter Weir** Director, Property

Peter is a qualified solicitor who joined Suffolk Life in September 2000. Previously he was a partner in a large and well-regarded law practice where he specialised in commercial property. Peter has overseen the development of our property department into a 'centre of excellence' and also provides technical input to the company on a range of legal and legislative issues.

## **John Moret** Director of Sales and Marketing

John has led the development of SIPPs in the UK since 1990. He joined Suffolk Life in 2004 from Capita PPML where he was Executive Chairman/Managing Director for four and a half years. He has worked in the pensions and financial services sector for over 35 years.

## **Ian Furniss** Group Finance Director

Ian is a qualified chartered accountant with commercial experience from working in a number of market sectors. He spent 7 years at Hays plc where he became Finance Director of the Personnel division and then joined Harvey Nash Group plc as Group Finance Director. Ian's last appointment was Group Finance Director of Reed Health Group plc.

**Henry Catchpole**  
Chief Executive  
Officer

**Renata Chester**  
Chief Operating  
Officer

**Peter Weir**  
Director, Property

**John Moret**  
Director of Sales  
and Marketing

**Ian Furniss**  
Group Finance  
Director

# Operational review by the Chief Executive

I am pleased to report that we have maintained our reputation for service throughout 2006.

2006 has been a year of achievement. Not only did we cope very well (thanks to our dedicated staff) with the advent of A-Day but we also maintained our reputation for service, evidenced by the winning of another three industry awards. Furthermore we won three new major contracts, while at the same time growing our core business.

## Business results

The year saw another period of growth in the number of SIPPs we administer by 37% to 7,894 and total SIPP funds under administration increased by 62% to £2.1bn. I must admit that even I did not anticipate premium income more than doubling to £759m and thus reaching the £2bn funds under administration milestone before 2007. It is a further sign of the strength of demand for SIPPs and the quality of the business that we attract.

The Group's profit before tax for the year ended 31 December 2006 increased by 520% to £1.55m (2005: restated £0.25m). Excluding the income we received from the sale of our SSAS business we achieved an Operating Profit of £0.85m.

The balance sheet has been strengthened by this result as well as by the issue of share capital. Shareholders' funds increased to £11.4m at 31 December 2006 (2005: £9.6m).

## Dividend

The Board intends to recommend a £0.10 dividend per share for the current year (2006: £0.10 per share) and will keep under review a progressive dividend policy to reflect the company's profits and its capital needs to support future business growth.

## New contracts

In addition to our bespoke SIPP business, I am pleased to report that we won three new contracts in 2006 to provide administration services to Norwich Union, Clerical Medical and Prudential. These companies have sought Suffolk Life's expertise and service quality to ensure that their self-invested pensions type offerings are administered to a high standard. The cost of implementing these contracts has been substantially borne by each of the respective companies. In addition, we receive annual fees to support the ongoing service we provide while each of the contracts is still in its infancy. We hope that each of them will turn out to be a significant additional income generator for the Group in future years. Although hard to quantify, there is certainly anecdotal evidence that our own sales have been helped by the enhanced reputation that comes with these contracts.

“Other providers are always a few steps behind Suffolk Life.”

### Adviser focus

With effect from April 2006, we decided to accept only applications for SIPPs via FSA authorised financial advisers. This has strengthened our relationships with financial advisers and intermediaries and ensures all new policyholders have access to independent financial advice. This policy has contributed to our success in increasing volumes of business from key introducers. However, it has had the effect of slightly reducing our average income per SIPP based on a change in investment patterns.

### Web portal

We have continued to roll out our web portal to our existing IFA supporters and extol its virtues to new introducers. As I outlined in my previous statement, our portal allows advisers to see the latest information, either aggregated across all their clients or on a SIPP by SIPP basis. Much of the information is real-time and most investment valuations are updated daily through data feeds, depending upon the investment manager employed. There is also the facility to invest and switch funds on the Cofunds platform. The Suffolk Life strategy is to provide advisers with a web solution that adds value to their business and, over time, we expect to continue to extend its functionality. We will also shortly pilot access to individual SIPP holders.

This portal development builds on the success of the data feed project. As mentioned in my last report, we have or are developing data feeds with the majority of the investment firms who manage funds on behalf of our SIPPs. Four out of five purchases and sales are now reported to us electronically with the consequent cost and data advantages to customers. One consequence of this is that we have experienced reduced investment administration income. We are looking to offset this by pricing changes which will impact in 2008 rather than 2007.

### Management and staff

New outsourced contracts, a web portal and similar developments and the growth in our market have increased the complexity and thus the risks inherent in our business. We have recognised this, in part aided by the associations we have made with our new contract partners. They have demanded the highest standards from us in terms of business continuity planning, financial reporting and compliance. This has led us to review our management resource and organisation.

I would like to join our Chairman in welcoming three new Board directors, but also to welcome on board all the new staff we have taken on in the past 12 months. We have increased the numbers we employ by 35 to 140 as at 31 December 2006. This additional resource is required to ensure that we maintain our service levels, meet the requirements of our new contract partners and manage the increasing intricacy of our business as it grows.

The growth in both staff and the business has warranted that Renata Chester devote her full attention to this. Thus with effect from November 2006 Renata became Chief Operating Officer and Ian Furniss came in as our Group Finance Director. To reflect an increasing outward focus on my part, I have become Chief Executive Officer.

### Regulation and risk

It comes as no surprise that a sector of the pensions market that is enjoying and looks set to enjoy stellar growth is attracting more and more entrants. At the end of 2006 our best estimate was that 130 firms were offering SIPPs. This is a near trebling in the space of a few years.

*continued overleaf*

“They were able to meet our required expectations of service. We certainly feel that we have made the right choice.”

*continued*

This growth has been watched by the FSA and with effect from 6 April 2007 all SIPP firms must be authorised. We welcome this on a number of counts. First, it underscores the migration of SIPPs from being a niche product into something more mainstream. Secondly, firms that have not been FSA authorised have not had to contend with all the costs associated with being authorised. This gave them a not insignificant cost advantage over Suffolk Life. Thirdly, investors and their advisers will at long last be able to make more meaningful comparisons between different SIPPs. Lastly, and perhaps most interestingly, while Suffolk Life Annuities has been FSA authorised since inception and we have extended our permissions in good time for 6 April 2007, it is my belief that a good number of recently authorised SIPP firms are likely to prove unable to sustain their authorisation. This will lead to a period of dislocation in the market. We will be very alive to any opportunities that may arise.

The company and directors regard compliance with regulation to be very important. The directors meet regularly to identify and discuss risks facing the business and where possible work hard to mitigate these. This activity has been enhanced by the completion this year of an Individual Capital Assessment (ICA), a new requirement of the FSA to provide a regular assessment of the adequacy of our financial resources in relation to the risks we face. I am pleased to report that our approach to the ICA was accepted by the FSA and we have benefited from the increased scrutiny of the financial impacts of the risks associated with our business.

A further development towards good governance has been the introduction of an Audit and Risks Committee. Ken Burrage (Chair) and Hugh May, both independent non-executive directors, have been appointed to this committee and meetings are to be held regularly and, in particular to receive the audit reports of KPMG and our newly appointed internal audit function provided by Mutual One.

### **Reputation for service**

I am pleased to report that we have maintained our reputation for service throughout 2006. In January 2006 we won the Professional Adviser SIPP Provider of the Year Award, in April 2006 the UK Pensions SIPP Provider of the Year Award and finally the Pensions Management Technology, Administration and Service Award in October 2006. We were also awarded the first ever Investor in Customer (iic) award, which recognises companies for their excellence in customer service.

At the end of 2006 we conducted a detailed research study that enabled all our introducers to provide us with feedback about our service. Some of the many favourable comments that we received are set out around the text of this report.

Treating customers fairly is a principle that the FSA wants to see embedded in all the businesses that it regulates. We have long believed in treating customers fairly and consider this to be a natural trait of Suffolk Life. However, in 2006 we carried out a gap analysis to see just how good we were at meeting the FSA's outcomes for treating customers fairly. From this we created an action plan to make sure that we can demonstrate our compliance with the FSA's principles and a formal policy document to encapsulate what we have long believed to be the right way of doing business.

## Future developments

We will continue to develop key performance indicators to help us manage our business.

Much has been made of the general simplification of pensions. However, the Government has not yet opined on whether they will relax the investment restrictions that relate to protected rights. Current estimates of the market size are somewhere between £60bn-£100bn. By virtue of SLA being an authorised insurance company, Suffolk Life is able to take protected rights money and have it invested together with SIPP funds. Unless there is a change in the regulations (there is currently a consultation process which is due to report by the end of the year) this would give Suffolk Life a distinct competitive advantage over SIPP firms that do not have a life office as part of their offering.

Our research has shown that the facility to invest protected rights funds alongside non-protected rights funds would be extremely attractive to investment managers. We plan to have our new offering ready in the second half of 2007. We think this, together with our reputation, web portal and long experience of being FSA authorised will give us a useful head start for 2008 sales.

Therefore 2007 will be a year of further investment and growth so we have the right platform for enhanced profitability in 2008 onwards.

The early results we have experienced in 2007 lead us to believe that demand for SIPPs will remain solid for the months ahead. It is true to say that we have experienced increased competition. However, this risk has been anticipated and we remain confident that our market leading service and investment in new products and efficiency will deliver growth in the future.

## Conclusion

In short, 2006 has been another exceptional year for Suffolk Life. The fact that we have been chosen by Norwich Union, Clerical Medical and Prudential is a testament to our reputation and service quality.

We will continue to build our capability in 2007 to ensure we have the right platform for further profitable growth in the future.

**HN Catchpole**  
Chief Executive Officer

My thanks to everybody at Suffolk Life for their contribution to the year just passed.

# Directors' report

The Directors present their annual report and the audited financial statements of the Group and the Company for the year ended 31 December 2006.

## Principal activities

The principal activity of the Group is the administration of Self-Invested Personal Pensions (SIPPs).

## Results and dividends

The Group's profit before tax for the year was £1,545,000 (2005: restated £245,000). The Company paid a dividend of £0.10 per Ordinary Share, totalling £281,102 on 27 October 2006.

The Group's long term business fund, which relates to the life assurance business of Suffolk Life Annuities Limited, stood at £2.1 billion (2005: £1.3 billion) at the year end.

## Business review

A review of the business, its risks and future developments are set out in the Chairman's statement and Operational review on pages 4 and 8.

In summary, the business continued to perform well with over 2,100 new SIPPs being established during the year. SIPP premium income increased once again from £335.5 million in 2005 to £758.5 million in 2006. On 27 January 2006 the Group disposed of the Small Self-Administered Schemes (SSASs) book for a gross consideration of £700,000, which after costs has provided additional profit of £691,000 to the Group for the year ended 31 December 2006.

## Share Capital

During the year 148,603 Ordinary Shares were allotted, with a nominal value of £148,603. Consideration received for the shares issued was £837,546.

On 13 September 2006 the reduction of the company's share premium account by £3,400,000 was confirmed by an Order of the High Court, Chancery Division and was registered at Companies House pursuant to section 138 of the Companies Act 1985. The effect of this was to increase the distributable reserves of the company and the creation of a Special Reserve.

## Market Value of Land and Buildings

In the opinion of the directors, the market values of the Group's freehold properties are not materially different from those stated in note 12 to the financial statements.

## Employees

The Group is committed to the principle of Equal Opportunities for all its employees and prospective employees. We welcome applications for employment from persons of any age, religious belief, ethnic origin, nationality, sexual orientation, gender, marital status or disability. We will make reasonable adjustments to our working practices and environment to accommodate a disability. We promote employees on the basis of merit following regular appraisal of performance and we encourage staff training and development. In all matters we aim to treat staff fairly and involve them in the decision-making of the business. To this effect we regularly consult with staff and take their views into account when considering matters that are likely to affect their interests. We also provide staff with information about the activity and performance of the Group on a regular basis.

## Political and charitable contributions

Charitable donations by the Group during the year amounted to £13,306 (2005: £438). There were no political donations made during either year.

## Supplier payment policy

Although the company does not follow a specified code or standard of payment practice, it is the company's policy to agree terms for payment with suppliers in advance of the supply of goods and services and to make payment according to those terms. The number of supplier credit days outstanding at the year end was 10 days (2005: 10 days).

## Directors and directors' interests

The directors who held office during the year, or who were appointed or retired during the year, are as follows:

---

AJ Scott-Barrett Chairman

HN Catchpole Chief Executive Officer

IW Furniss Group Finance Director (appointed 15 December 2006)

Mrs RAK Chester Chief Operating Officer

PV Weir

AJ Moret

AG Barker (retired 3 August 2006)

PG Burley

KG Burrage

AH Catchpole

HG May (appointed 23 February 2006)

JW Poulter (appointed 1 September 2006)

---

The directors who held office at the end of the financial year had the following beneficial interests in the shares of Suffolk Life Group plc according to the register of directors' interests:

|                   | Class of share     | Interest at end of year | Interest at start of year or date of appointment |
|-------------------|--------------------|-------------------------|--|
| PG Burley         | Ordinary £1 shares | 193,615                 | 193,615  |
| KG Burrage        | Ordinary £1 shares | 5,900                   | 5,900  |
| AH Catchpole      | Ordinary £1 shares | 63,000                  | 63,000   |
| HN Catchpole      | Ordinary £1 shares | 245,402                 | 254,402  |
| RAK Chester       | Ordinary £1 shares | 133,000                 | 140,000  |
| A J Moret         | Ordinary £1 shares | 4,000                   | 4,000  |
| A J Scott-Barrett | Ordinary £1 shares | 102,000                 | 102,000  |
| P V Weir          | Ordinary £1 shares | 179,876                 | 184,876  |

According to the register of directors' interests, no rights to subscribe for shares in or debentures of group companies were granted to any of the directors or their immediate families, or exercised by them, during the financial year, except as indicated below:

|              | Number of options |         |           | At end of year | Exercise price | Date from which exercisable | Expiry date |
|--------------|-------------------|---------|-----------|----------------|----------------|-----------------------------|-------------|
|              | At start of year  | Granted | Exercised |                |                |                             |             |
| HN Catchpole | 4,083             | –       | –         | 4,083          | £1.80          | 01/11/07                    | 30/04/08    |
|              | 1,378             | –       | –         | 1,378          | £3.20          | 01/11/08                    | 30/04/09    |

### Disclosure of information to auditors

The directors who held office at the date of approval of this directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditors are unaware; and each director has taken all the steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

### Auditors

In accordance with section 384 of the Companies Act 1985, a resolution for the re-appointment of KPMG Audit Plc as auditors of the company is to be proposed at the forthcoming Annual General Meeting.

By order of the Board

AO Stannard  
Secretary

# Statement of directors' responsibilities

in respect of the directors' report and the Financial Statements

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice).

The Group and parent company financial statements are required by law to give a true and fair view of the state of affairs of the Group and the parent company and of the profit or loss for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group and the parent company will continue in business.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the parent company and enable them to ensure that its financial statements comply with the Companies Act 1985. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Group and to prevent and detect fraud and other irregularities.

Under applicable law the directors are also responsible for preparing a Directors' report that complies with that law.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

# Independent auditors' report

to the members of Suffolk Life Group plc

We have audited the Group and parent company financial statements (the financial statements) of Suffolk Life Group plc for the year ended 31 December 2006 which comprise the Consolidated profit and loss account, the Consolidated and Company balance sheets, the Statement of total recognised gains and losses, the Consolidated cash flow statement and the related notes. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

## Respective responsibilities of directors and auditors

As described in the Statement of directors' responsibilities on page 14, the company's directors are responsible for the preparation of the financial statements in accordance with applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice).

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the Directors' report is not consistent with the financial statements. The information given in the Directors' report includes that specific information presented in the Chairman's statement and Operational review that is cross referred from the Business review section of the Directors' report. In addition we report to you if, in our opinion, the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and other transactions is not disclosed.

We read other information contained in the Annual report and consider whether it is consistent with the audited financial statements. We consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements. Our responsibilities do not extend to any other information.

## Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Group's and company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

## Opinion

In our opinion:

- the financial statements give a true and fair view, in accordance with UK Generally Accepted Accounting Practice, of the state of the Group's and the parent company's affairs as at 31 December 2006 and of the Group's profit for the year then ended;
- the financial statements have been properly prepared in accordance with the Companies Act 1985; and
- the information given in the Directors' report is consistent with the financial statements.

## 1 Accounting policies

---

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

### Accounting convention

The financial statements have been prepared in accordance with applicable accounting standards and under the historical cost accounting rules, modified to include the revaluation of certain assets.

### Basis of preparation

The financial statements have been prepared in accordance with the provisions of Section 255 of, and Schedule 9A to, the Companies Act 1985, as amended by the Companies Act 1985 (Insurance Companies Accounts) Regulations 1993, with the exception that, in accordance with Statement of Standard Accounting Practice No. 19, no depreciation is provided in respect of investment properties as set out below. The balance sheet of the parent company has been prepared in accordance with the provisions of Section 226 of, and Schedule 4 to, the Companies Act 1985.

In the preparation of its financial statements, the Group has taken account of the recommendation stated in the ABI Statement of Recommended Practice on Accounting for Insurance Business issued in December 2005 (amended 2006) by the Association of British Insurers (the ABI SORP) except for in relation to Investment Returns to aid the understanding of the Company's activities. Investment Returns arising during the accounting period in relation to investments which are not directly connected with the carrying on of Long Term Insurance Business have, therefore, not been included within the Technical account– long-term business but are shown in the Non-technical account.

The financial statements have been prepared in accordance with applicable accounting standards and under the historical cost accounting rules. In the year ended 31 December 2006 the Group has adopted FRS20 in accounting for share based payments and adjusted the comparative figures for the year ended 31 December 2005. The impact of this change in accounting policy is to reduce the consolidated retained profit reported in 2005 by £28,009. There is no impact on the consolidated net assets of the Group. There is no impact on the Company's retained profit reported in 2005. However the net assets of the Company have increased by £54,000.

### Basis of consolidation

The consolidated financial statements include the financial statements of the company and its subsidiary undertakings made up to 31 December 2006. The acquisition method of accounting has been adopted. Under this method, the results of subsidiary undertakings acquired or disposed of during the year are included in the consolidated profit and loss account from the date of acquisition or up to the date of disposal.

Intra-group year end balances between the long term business fund and group undertakings, where these have been concluded or have arisen in accordance with normal market conditions, are not eliminated on consolidation. Such balances are disclosed separately in the financial statements, where material. All other intra-group income and balances are eliminated on consolidation.

Certain liabilities relating to the Group's long term business fund, together with certain assets (changes in the values of which affect or establish policyholders' rights and entitlements), have been valued in accordance with provisions applying only to insurance undertakings. No adjustment is made in respect of such items on consolidation.

Goodwill arising on consolidation (representing the excess of the fair value of the consideration given over the fair value of the separable assets acquired) is capitalised and written off over the estimated period from which the benefit is expected to be derived.

Under Section 230(4) of the Companies Act 1985 the company is exempt from the requirement to present its own profit and loss account.

### **Long-term business**

The Group's long-term business is comprised of internal linked and non-linked policies and Self-Invested Personal Pension schemes.

Technical provisions for linked liabilities are actuarially valued at the year end, in accordance with applicable valuation guidelines and directives. Any surplus/(deficit) recognised within the year is, on the advice of the actuary, allocated by the directors to the non-technical profit and loss account, to be included within the shareholders' profit for the year. Investment income attributable to share capital and reserves is credited directly to shareholders' profit and loss account (non technical account).

The long-term business provision arising in connection with non-linked policies has been calculated based upon actuarial assumptions as a multiple of the annual annuity payment, an annuity factor dependent upon mortality and economic conditions together with an expense loading. Any surplus/(deficit) recognised within the year is, on the advice of the actuary, allocated by the directors to the non-technical profit and loss account, and is then included within the shareholders' profit for the year.

### **Premiums**

Premiums relating to the Group's linked business are credited to the profit and loss account in the same period in which the associated liability is established.

### **Investment income, expenses and charges**

Investment income is accounted for on a receivable basis, including, where appropriate, the imputed tax credit. Dividends are recognised on the date on which the related investment is marked ex-dividend. Interest income is accrued up to the balance sheet date.

Investment expenses include investment management fees and interest payable.

### **Realised and unrealised investment gains and losses**

Realised gains and losses are calculated as the difference between the net sale proceeds and the original cost or, if previously valued, the valuation at the last balance sheet date and are included in investment income or investment expenses. Unrealised gains and losses on investments are calculated as the difference between the current valuation and the original cost or, if previously valued, the valuation at the last balance sheet date.

Realised gains and losses, movements in unrealised gains and losses, expenses and charges which are held to cover linked liabilities are included in the technical account– long-term business. Realised gains and losses, expenses and charges on other investments are reported in the non-technical account. Movements in unrealised gains and losses on other investments are included in the non-technical account.

### **Claims**

Death claims and surrenders are accounted for when the associated liability of the company is fully extinguished. Annuities are recognised as they fall due for payment. Claims payable include related claims handling costs. Provision is made for claims admitted or intimated but not paid by the balance sheet date, including related claims handling costs.

Transfers between linked funds are included within claims paid and premiums earned when the transfer occurs.

### **Acquisition costs**

Acquisition costs comprise all direct and indirect costs arising from the conclusion of insurance contracts. No deferred acquisition costs asset has been established as the costs in question have already been recovered.

### **Other income**

Other income included in the non-technical account comprises the main non group trading income receivable by subsidiary undertakings and represents the invoiced amount of services provided, exclusive of Value Added Tax, together with other income as detailed in the notes to the financial statements.

## 1 Accounting policies continued

### Investments

All investments, including those classified as assets held to cover linked liabilities, are stated at cost or valuation. Listed shares and securities are valued at middle market price at the balance sheet date. All land and buildings are treated as investment properties, other than those not held to cover linked liabilities, which are included in the balance sheet at cost. Full valuations are made by independent professionally qualified chartered surveyors when required by statute or the policyholder. In the intervening years, or when there has not been a full valuation, the directors review the valuations based on future rental streams to determine whether the changes in these rental streams are significant to require a change in the valuation.

In accordance with Statement of Standard Accounting Practice No 19, no depreciation is provided in respect of freehold investment properties. This is a departure from the requirements of the Companies Act 1985 which requires all properties to be depreciated. However, these properties are not held for consumption but for investment and the directors consider that systematic depreciation would be inappropriate. The accounting policy is therefore necessary for the financial statements to give a true and fair view.

Loans secured by mortgage are included at cost, less provisions for diminution in value. Investments in group undertakings are stated at cost less provisions for permanent diminution in value. In the company's financial statements, investments in subsidiary and associated undertakings are stated at cost less amounts written off.

### Taxation

The charge for taxation is based on the result for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes. No provision is made for future taxation on investments held by the linked long term business included in the balance sheet at revalued amounts. Deferred taxation is recognised without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date, except as otherwise required by FRS 19. No deferred tax provision is made for future taxation on investments held in the linked funds included in the balance sheet at revalued amounts.

### Foreign currencies

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the rate of exchange ruling at the balance sheet date and the gains or losses on translation are included in the profit and loss account.

### Tangible fixed assets and depreciation

Depreciation is provided to write off the cost or valuation less the estimated residual value of tangible fixed assets by equal installments over their estimated useful economic lives as follows:

|   |                 |
|---|-----------------|
| Computer equipment and software         | 25% per annum   |
| Office equipment, fixtures and fittings | 12.5% per annum |
| Land and buildings                      | 2% per annum    |

In accordance with Financial Reporting Standard No 15, depreciation is charged on properties owned by the Group (other than investment properties) so as to write off the cost or valuation less estimated residual value by equal installments over their estimated useful economic lives of 50 years.

### Leases

Assets acquired under finance leases are capitalised and the outstanding future lease obligations are shown in creditors. Operating lease rentals are charged to the profit and loss account on a straight line basis over the period of the lease.

## 1 Accounting policies continued

---

### Share based payments

Suffolk Life Group plc, operates two share option schemes under which options are granted to employees of the Company. In accordance with FRS20, the fair value of options granted after 7 November 2002 and those not yet vested as at 1 January 2006 is recognised as an employee expense in the accounts of the Group with a corresponding increase in reserves. The fair value is measured at grant date and spread over the period during which the employees become unconditionally entitled to the options. The fair value of the options granted is measured using the Black-Scholes-Option-Pricing model, taking into account the terms and conditions upon which the options were granted. The amount recognised as an expense is adjusted to reflect the actual number of share options that are expected to vest.

### Post retirement benefits

A subsidiary undertaking makes contributions to Self-Invested Personal Pension schemes on behalf of employees. The pension schemes are administered by the subsidiary undertaking.

### Cash and liquid resources

Cash, for the purposes of the cashflow statement, comprises cash in hand, deposits repayable on demand and overdrafts payable on demand.

Liquid resources are current asset investments which are disposable without curtailing or disrupting the business and are either readily convertible into known amounts of cash at or close to their carrying values or are traded in an active market.

## 7 Profit on ordinary activities before taxation

|   | 2006<br>£'000 | 2005<br>£'000 |
|---|---------------|---------------|
| <b>Profit on ordinary activities before taxation is stated after charging:</b>                      |               |               |
| Depreciation and other amounts written off owned tangible fixed assets                              | 645           | 393           |
| Depreciation and other amounts written off tangible fixed assets held under hire purchase contracts | 6             | 6             |
| Profit on disposal of fixed assets  | –             | (17)          |
| Auditors' remuneration:   |               |               |
| Fees payable to the company's auditor for the audit of the company's annual accounts                | 15            | 10            |
| Fees payable to the company's auditor and its associates for other services:                        |               |               |
| The audit of the companies subsidiaries, pursuant to legislation                                    | 38            | 32            |
| Other services pursuant to legislation  | 19            | 13            |
| Tax services  | 20            | 20            |

## 8 Staff numbers and costs

The average number of persons employed by the Group (including executive directors) during the year was as follows:

|                       | 2006<br>number | 2005<br>number |
|-----------------------|----------------|----------------|
| Office and management | 130            | 94             |

The aggregate payroll cost of these persons was as follows:

|                       | Note | 2006<br>£'000 | As restated<br>2005<br>£'000 |
|-----------------------|------|---------------|------------------------------|
| Wages and salaries    |      | 3,207         | 2,450                        |
| Social security costs |      | 504           | 379                          |
| Other pension costs   |      | 156           | 140                          |
| Share based payments  | 33   | 37            | 28                           |
|                       |      | <b>3,904</b>  | <b>2,997</b>                 |

## 9 Remuneration of directors

|  | 2006<br>£'000 | 2005<br>£'000 |
|--|---------------|---------------|
| Directors' emoluments                                  | 560           | 642           |
| Highest paid director, excluding pension contributions | 159           | 168           |

There were no retirement benefits accruing (2005: £Nil) to the directors under the Group's defined benefit scheme or any other scheme.

Details of directors' share options, and those exercised in the year (including those exercised by the highest paid director), are set out in the Directors' Report on page 13.

## 10 Other income

|                              | 2006<br>£'000 | 2005<br>£'000 |
|------------------------------|---------------|---------------|
| Pension fund management fees | (6)           | 350           |
|                              | (6)           | 350           |
| Other income                 | 1,068         | 41            |
|                              | <b>1,062</b>  | <b>391</b>    |

All income arises within the United Kingdom.

As described in the Directors' Report, on 27 January 2006 the small self-administered schemes' book (the SSAS book) was sold. The income in relation to the SSAS book included above was £Nil (2005: £384,000).

## 11 Taxation

|   | 2006<br>£'000 | As restated<br>2005<br>£'000 |
|---|---------------|------------------------------|
| <b>Current tax</b>  |               |                              |
| UK corporation tax on profits of the period   | 339           | –                            |
| UK corporation tax underprovided in previous years  | –             | 1                            |
|   | <b>339</b>    | <b>1</b>                     |
| <b>Deferred tax</b>   |               |                              |
| Origination and reversal of timing differences (see note 25)  | 47            | (440)                        |
| Timing differences from previous periods  | –             | –                            |
|   | <b>47</b>     | <b>(440)</b>                 |
| <b>Tax charge/(credit) on profit on ordinary activities</b>   | <b>386</b>    | <b>(439)</b>                 |
| The tax assessed for the year is lower than the standard rate of corporation tax in the UK of 30% as explained below: |               |                              |
| Profit before taxation  | 1,545         | 245                          |
| Profit on ordinary activities multiplied by the standard rate of corporation tax in the UK of 30% (2005: 30%)         | 464           | 74                           |
| Expenses not deductible for tax purposes  | 27            | 100                          |
| Capital allowances in arrears of depreciation   | (68)          | 112                          |
| Relief under schedule 23 of Finance Act 2003 on exercise of share options   | (81)          | (572)                        |
| Capital losses arising carried forward  | (2)           | –                            |
| Indexation on cost of sales of equity disposals   | (22)          | –                            |
| Revaluation of equity investments not held within linked business   | –             | 4                            |
| Trading losses/excess management expenses carried forward   | (14)          | 307                          |
| Other short term timing differences   | 35            | –                            |
| Other permanent differences   | –             | (25)                         |
| Charge for prior years  | –             | 1                            |
| Total UK corporation tax charge   | <b>339</b>    | <b>1</b>                     |

The Group's long-term business fund transacts only pension business, and is exempt from United Kingdom taxation.

Tax losses and excess management charges carried forward by a group undertaking amounting to £1,207,000 (2005: £1,254,000) are available to relieve future profits of the Group.

The tax effect of the profit on the sale of the discontinued operation, disclosed as an exceptional item, is £207,000.

The freehold land and buildings included in other than linked business are held for sale and treated as investment properties.

Freehold land and buildings held to cover the linked business, form part of the long-term business fund, and are included under assets held to cover linked liabilities (see note 15). All such properties have been valued by the directors at the year end with reference to cost and previous professional valuations.

### 13 Investments in group undertakings

| Company                      | As restated<br>Shares in group<br>undertakings<br>£'000 |
|------------------------------|---|
| <b>Cost</b>                  |   |
| At beginning and end of year | 1,993   |
| Additions                    | 37  |
| Disposals                    | (1)   |
| At end of year               | 2,029   |

| Creditors   | 24   | (160,969)        | (105,622)        |
| <b>Total net assets representing the linked long-term business fund</b> |      | <b>2,135,092</b> | <b>1,335,390</b> |

A group undertaking, Suffolk Life Annuities Limited, has granted a floating charge over the long term insurance assets, other than assets that are subject to a fixed charge or lien, to two life insurance companies with whom we have agreed reinsurance contracts. This has the effect of ranking these reinsurance contracts pari passu with the direct SIPP insurance contracts granted by that Company.

| At end of year   | 3,254                          | 753                            | 6                        | 91  | 1,122                            | 5,226                              |

The company's loss for the year was £1,152,000 (2005: loss of £548,000).

On 13 September 2006 the reduction of the company's share premium account by £3,400,000 was confirmed by an Order of the High Court, Chancery Division and was registered at Companies House pursuant to section 138 of the Companies Act 1985. The effect of this was to increase the distributable reserves of the company and the creation of a Special Reserve.

The Special Reserve was required initially to hold the sum of £2,561,000 being the difference between the amount of the reserve arising on the reduction of the share premium account and the accumulated deficit on the company's profit and loss account as at 31 December 2005.

The company has released the Special Reserve, in accordance with the Court Order, to form part of the distributable reserves of the company except for the sum of £6,361 in respect of a hire purchase agreement which was outstanding at the date of the Court Order and which has not since been extinguished. A bank account has been opened to hold this sum of money until such time as the debt is repaid.

During the year a dividend of £0.10 per share was paid amounting to £281,000.

## 22 Technical provisions for linked liabilities

For each SIPP the company provides, there is a separate internal fund. Where the company provides a trustee investment policy or group managed fund, there are a number of separate internal funds.

Technical provisions for linked liabilities arising in connection with the above policies are detailed below. There is no reinsurance amount (2005: Nil).

|                      | 2006<br>£'000    | 2005<br>£'000 |

| Increase in year     | 799,702          | 417,338       |
| At end of year       | <b>2,135,092</b> | 1,335,390     |
| These relate to:     |                  |               |
| SIPPs                | 2,132,388        | 1,335,390     |
| Group managed funds  | 2,704            | –             |
|                      | <b>2,135,092</b> | 1,335,390     |

Total assets representing the linked long-term business fund are detailed under note 15 to the financial statements.

## 23 Long-term business provision

Following the winding-up of the Group's occupational pension scheme, immediate-purchase annuities were written which form part of the company's long-term business fund. The long-term business provision arising in connection with this business is detailed below. There is no reinsurance amount (2005: Nil).

The provision has been calculated based upon mortality rates of 80% of the PMA/PFA 92 mortality tables, with future reductions of those rates following the medium cohort projections set out in the working paper published by the Continuous Mortality Investigation Bureau, but adjusted to have a minimum rate of reductions of 1.25% per annum. The valuation rate of interest was 4% (2005: 3.4%) per annum. An allowance for expenses of 3% (2005: 3%) of the annuity payments was included.

### 30 Profit on sale of discontinued operations

On 27 January 2006 the Company disposed of its Small Self-Administered Schemes (SSASs) book for a consideration of £700,000. The income from the Book was relinquished from 1 January 2006. Taking into account legal costs the profit on sale of this disposal was £690,987.

### 31 Contingent liabilities

A claim against the Group may arise in respect of tax and similar charges due under the Finance Act 2004 as a result of the late payment of death benefits to the beneficiaries of a SIPP. It is estimated that the maximum amount of this liability is £335,000. The Group is currently in negotiation with HM Revenue and Customs to remove this potential liability. The Group believes that should a claim arise that the cost will be covered by its insurance policies.

### 33 Share based payments

The total charge relating to employee share based payments was £37,164 (2005: restated £28,009).

During the year, Suffolk Life Group plc issued options under its unapproved Executive Share Option Scheme (ESOS) and its Savings Related Employee Share Option Scheme (ESOP). Both schemes deliver settlements for equity only. The number of options issued, option price, volatility, fair value and vesting periods are shown in the table below.

The fair value was determined using the Black-Scholes Option Pricing Model. The key input was the volatility assumption which was determined using historic data.

| Scheme | Company and class of share              | Number of options | Exercise period | Expected volatility | Exercise price £ | Fair value £ |
|--------|---|-------------------|-----------------|---------------------|------------------|--------------|
| ESOP   | Suffolk Life Group plc<br>£1 Ord shares | 32,287            | 2011 to 2014    | 35.60%              | 7.10             | 3.09         |
| ESOS   | Suffolk Life Group plc<br>£1 Ord shares | 2,500             | 2006 to 2009    | 26.30%              | 8.00             | 1.42         |
| ESOS   | Suffolk Life Group plc<br>£1 Ord shares | 2,500             | 2006 to 2010    | 34.00%              | 12.00            | 1.11         |

The number and weighted average exercise prices of share options in existence are as follows:

|   | 2006<br>Weighted<br>average<br>exercise<br>price £ | 2006<br>Number<br>of options | 2005<br>Weighted<br>average<br>exercise<br>price | Number<br>of options |
|---|--|------------------------------|--|----------------------|
