

Schedule of Allowable Investments

for the Suffolk Life SIPP (Deed Poll scheme)

This is a legally binding document between you and Suffolk Life.
It is part of a set all of which should be read together:

- » Key Features
- » Your Personal Illustration
- » Schedule of Fees
- » **Schedule of Allowable Investments**
- » Terms and Conditions
- » Policy Provisions

This document sets out the types of investments which may be held in the Suffolk Life SIPP. If you hold any other SIPP with Suffolk Life, please refer to the separate schedule issued for your SIPP.

The following details the types of investments allowed under the Suffolk Life SIPP. The right hand column indicates if the type of investment is allowed. All investments are subject to the general conditions outlined below, note 1 and any other specified note(s).

Overseas direct commercial property	No

If you are unsure if an investment is allowed then please contact our allowable investment team on 01473 296825 or by email to allowableinvestments@suffolklife.co.uk

Schedule of Allowable Investments (continued)

General conditions

A) Liquidity requirements

Investments (with the exception of direct property investments) must be:

- (a) redeemable for cash within one year; or
- (b) freely transferable to another person eligible to invest in that investment.

B) Indirect holding of taxable property

An investment must not be purchased or held if it holds an interest in taxable property as defined in Schedule 29A to the Finance Act 2004 (please see section 1 of the terms and conditions for a definition of taxable property) unless certain exceptions detailed in that schedule are met. This applies whether the interest in the taxable property is held directly or indirectly through another vehicle or vehicles.

In some cases, an investment may not currently hold taxable property but may not rule out doing so at some point in the future. We will consider such investments on a case by case basis (without any obligation to accept them) and may require you to sign a letter before proceeding indemnifying us against any tax liabilities which might arise in the future.

C) Connected person transactions

If any transaction is to be carried out between your SIPP and you or your connected parties, the transaction must take place at market value as defined in section 272(3) of the Taxation of Chargeable Gains Act 1992. Connected parties are defined in Section 993 of the Income Tax Act 2007 (please see section 1 of the terms and conditions for a definition of a connected party).

D) Listed securities

Listed securities (i.e. shares, debt securities, fixed interest securities, debentures, loan stock, warrants, collective investment schemes, etc) must be held by a UK investment manager/stockbroker that is regulated by the FSA. Where the securities are investment trusts or REITs they can alternatively be held through an investment trust savings scheme.

Schedule of Allowable Investments (continued)

Notes

Note 1 The FSA's Handbook - linked insurance contract

All investments made by Suffolk Life Annuities Limited - being investments made under an insurance contract - must meet the requirements of the FSA's Handbook as amended from time to time. This includes the permitted links rules for linked long term insurance contracts set out in Chapter 21 of the FSA's Conduct of Business Sourcebook (COBS).

This schedule of allowable investments is based on our interpretation at March 2011 of Chapter 21 of COBS.

Note 2 Listed securities

These assets are allowed provided that the prices are updated at least quarterly and can be realised within 90 days either with the issuer/provider or freely transferable to another person eligible to invest in that investment. Please note that Legal & General Group PLC ordinary shares are not allowed to be held. The reason for this is that a subsidiary company (i.e. Suffolk Life Annuities Limited) is not allowed by the Companies Act 2006 to hold shares in a parent company. Other Legal & General securities are allowed.

Note 3 Exempt property unit trusts and similar collective investment schemes

These property related collective investment schemes are allowed where the following are met:

- » a value can be ascertained at least yearly;
- » the underlying property investments do not breach general condition B) above; and
- » the underlying property investments are located in territories that have a properly functioning property market as required by Chapter 21 of COBS (the current territories which we allow for collective investments schemes are any country in the EEA, United States of America, Australia, New Zealand, Canada, Singapore, Hong Kong, Gibraltar, Channel Islands, Isle of Man – a decision on other countries will be made on a case by case basis when a request arises).

Note 4 Unregulated non-property collective investment schemes not listed on an official list or HMRC recognised stock exchange

These collective investment schemes are allowed subject to a number of restrictions, in particular:

- » limited in aggregate to no more than 20% of the value of any one plan;
- » must publish its prices quarterly; and
- » we must look through to the assets held within the collective investment scheme to ensure that these comply with permitted links rules. For example, deposits with non EEA deposit takers, commodities and other non-financial assets such as wine & works of art are not permitted links.

Note 5 Insurance company funds

We can only invest in insurance company funds or policies where:

- » the other insurance company is based in the EEA;
- » the funds are unit linked;
- » the funds are not with profits; and
- » the contract has no guarantee for payment of benefits over and above the value of the funds held by the insurance company.

Note 6 Fixed term deposits

If the term is less than one year there will often be an option to break the term early but this can only be done at the discretion of the deposit taker. This will generally only be allowed in an emergency, e.g. to pay out death benefits.

Please note that where a fixed term deposit is broken before maturity there will be penalties which your SIPP will incur.

Note 7 Commercial property

Before deciding to purchase commercial property please refer to our guide to SIPP property purchase, property insurance notes, property form and, where the property is to be held for more than one investor, group investment agreement.

Note 8 Bank of Scotland accounts

The rates of interest are based on the Bank of Scotland's base rate which in turn generally mirrors the Bank of England base rate. The interest is paid on the whole balance, not just the part above the threshold. The rates of interest at March 2011 are:

£0 to	£50,000 to	£250,000
£49,999.99	£249,999.99	and over
1% below	0.5% below	0.25%

Provided the Bank of Scotland's base rate does not fall below zero, a SIPP bank account will receive the higher of the above rates or zero. The account balance bands and the variation from the bank's base rate may change in the future. Should interest rates fall below zero we will give three months' notice of any change to our current policy.

Interest will be paid gross and credited to the SIPP bank account on a monthly basis.

Please refer to the Terms and Conditions for full details of the SIPP bank accounts.

Note 9 Composite Suffolk Life deposit accounts

The interest your SIPP receives from the deposit accounts will be in line with the respective bank's base rate, which in turn generally mirrors the Bank of England base rate. The interest is paid on the whole balance, not just the part above the threshold. The rates of interest at March 2011 are:

	£0 to £49,999.99	£50,000 to £249,999.99	£250,000 and over
Barclays	1.65% below	1.15% below	0.90% below
Clydesdale	1.1% below	0.6% below	0.35% below
HSBC	1.5% below	1% below	0.75% below
RBS	1% below	0.5% below	0.25% below

Provided the respective bank's base rate does not fall below zero, a SIPP bank account will receive the higher of the above rates or zero.

Interest will be paid gross and credited to the SIPP bank account on a monthly basis.

The account balance bands and the variation from the respective bank's base rate may change in the future. Should interest rates fall below zero we will give three months' notice of any change to our current policy.
